INTENT

The intent of this policy is to specify criteria for awarding the academic honor of placing a student's name on the Dean's list.

POLICY

Undergraduate degree students who achieve high academic standards will be identified by placement on the Dean's list.

1. Undergraduate degree students who earn at least twelve semester hours of credit (exclusive of courses taken for a satisfactory or unsatisfactory grade or courses being repeated to remove D+, D or F grades) during an academic semester and who earn a quality point average of 3.40 or better for the semester are identified for that semester as Dean's list students providing no grade of D+, D, F, X, R, or Z is earned.

2. Undergraduate students who earn less than twelve semester hours of credit during a given academic semester may be eligible for the Dean's list under the following conditions:
   a. Have successfully completed twelve consecutive semester hours in a part-time student status with a quality point average of 3.40 or better, with no grades of D+, D, F, X, R, or Z.
   b. Courses taken for satisfactory/unsatisfactory grade or courses taken to remove D+, D, or F's are not included in Dean's list calculations.
   c. If X or R grades are changed within the established time limit, students will then be identified as Dean's list candidates provided they meet other qualifications for Dean's list recognition.
PROCEDURE

Determination of the Dean's list is done automatically by a computer generated report. The Dean's list honors are automatically recorded on student transcripts.
