Examples of sensitive personal information that should not be shared with minors are information about financial challenges, workplace challenges, drug or alcohol use, and romantic relationships.

- Do not touch minors in a manner that a reasonable person could interpret as inappropriate. All personal contact should generally only be done in non-private settings in response to the minor’s needs. • Do not engage in any abusive conduct of any kind toward, or in the presence of, a minor, including, but not limited to, verbal abuse, striking, hitting, punching, poking, spanking, or restraining. If restraint is necessary to protect a minor or other minors from harm, the incident must be documented and disclosed to the program administrator and the minor’s parent/guardian.

• Do not use, possess, or be under the influence of alcohol or illegal drugs while on duty, or in the presence of minors involved in a program, or when responsible for a minor’s welfare.

In a situation of suspected child abuse, all members of the University administration, faculty, coaches, staff, student workers, independent contractors and volunteers are mandated reporters as per this policy. Everyone who is deemed a mandated reporter shall be trained as if designated a mandated reporter by Pennsylvania law.

All mandated reporters shall make an immediate report of suspected child abuse, or cause a report to be made if they have reasonable cause to suspect that a minor is a victim of child abuse under any of the following circumstances:

• The mandated reporter comes into contact with the child in the course of employment, occupation and practice of a profession or through a regularly scheduled program, activity, or service.

• The mandated reporter is directly responsible for the care, supervision, guidance or training of a child, or is affiliated with an agency, institution, organization, school, regularly established church or religious organization, or other entity that is directly responsible for the care, supervision, guidance, or training of a child.

• A person makes a specific disclosure to the mandated reporter that an identifiable child is the victim of child abuse.

• An individual 14 years of age or older makes a specific disclosure to the mandated reporter that the individual has committed child abuse.
The minor is not required to come before the mandated reporter in order for the mandated reporter to make a report of suspected child abuse. The mandated reporter does not need to determine the identity of the alleged abuser to make a report of suspected child abuse.

Mandated reporters must immediately make an oral report of suspected child abuse to the Department of Human Services (DHS) by calling 1-800-932-0313, or a written report to DHS using electronic technologies when available at http://www.dhs.state.pa.us/cs/groups/webcontent/documents/form/c_137044.pdf. If an oral report is made, a written report shall also be made within 48 hours to DHS or the county agency assigned to the case as prescribed by DHS.

Immediately following the report to DHS, the mandatory reporter must notify the Director for Human Resources and Labor Relations or the Vice President for Student Affairs who will assume responsibility for facilitating the University’s cooperation with the investigation of the report. More than one report of the suspected abuse is not required.

7.2 Reporting of Arrests and Convictions

All employees, volunteers, and program administrators must provide written notice to the designated person in charge at the university if they or an authorized adult or program staff are: (1) arrested for, or convicted of, an offense that would constitute grounds for denial of employment or participation in a program, activity, or service; or (2) are named as a perpetrator in a founded or indicated report under the Child Protective Services Law (23 Pa.C.S. §6301, et seq.). The employee, volunteer, or program administrator shall provide such written notice within 72 hours of arrest, conviction, or notification that the person has been listed as a perpetrator in the statewide database. The failure of an employee or program administrator to make a written notification, as required, is a misdemeanor of the third degree.

If the employer or program administrator has a reasonable belief that an employee or volunteer has been arrested or convicted of a reportable offense or was named as perpetrator in a founded or indicated report under the Child Protective Services Law, or if an employee or volunteer has provided notice of activity that would be sufficient to deny employment or program participation, the employer must immediately require the employee or volunteer to immediately submit current information for required criminal background screening clearances in accordance with applicable procedures, standards, and guidelines as established by the chancellor.
