Request for Transfer Credit

A maximum of 9 semester hours of graduate credit awarded by a regionally accredited college or university may be accepted for transfer to a graduate degree program at Edinboro University.

However, the MA Counseling and the MA Clinical Psychology degree programs may accept a maximum of 12 credit hours of transfer credit.

The Master of Fine Arts degree program may accept a maximum of 15 credit hours of transfer credit.

If the institution granting the graduate credit has placed limitations on the use of these credits, these same limitations will be imposed by Edinboro University. Transfer credits will be authorized only if (1) the credit is to be used in meeting the requirements for a Master's degree (2) a grade of "B" or better must be earned. If the course was "P" (Passing) or "S" (Satisfactory), the student must provide a letter from the grading faculty member that indicates what the letter grade would have been had the course been graded. This letter must be mailed DIRECTLY from the faculty member, and not from the student. (3) Credits were completed within a five year period from the date of the semester in which the student earned the first accepted credits of the master's degree program (4) The School of Graduate Studies must be provided with an official transcript reflecting the completed course.

The Dean of Graduate Studies may deny a student permission to transfer credit when the course is judged to be outdated or inappropriate, or if the proper procedure has not been followed.

Edinboro University believes transfer credit should be part of a planned program of study and that authorization for transfer should be based on this plan and not on student convenience.

The following procedures must be followed by:
