Implementing the Pennsylvania Program-to-Program Articulation Agreement in Art:
BS/Art Education
August 2013

Community college transfers who have completed an associate degree in Art from a Pennsylvania community college and who wish to pursue a Bachelor of Science/Art Education degree from Edinboro University should consult with an Edinboro University Art Department advisor prior to registering for the first semester of classes at Edinboro University. With the assistance of the advisor, a plan to complete the baccalaureate degree in Art through 60 additional credit hours of course work after transferring to Edinboro University will be constructed.

Total transfer credits plus Edinboro credits will consist of 45 credit hours of General Education, 3 credit hours of Free Electives, 33 credit hours of Professional Education requirements, and 36 credit hours of Art requirements, for a total of 126 credit hours. Should additional coursework be pursued at another institution while enrolled at Edinboro University, a minimum of 30 of the last 45 hours overall must be completed at Edinboro. The four-semester plan to complete the baccalaureate degree must also fulfill the requirement that 42 credit hours consist of advanced coursework as specified in the Pennsylvania State System of Higher Education (PASSHE) Board of Governor’s Policy 1960-06-A: Academic Degrees as amended on January 19, 2012.

All BS/Art Education candidates should be advised that any of the Foundations courses (Two-Dimensional Design, Three-Dimensional Design, Four-Dimensional Design, Color, Drawing 1, Drawing 2, Overview of Art History) that they have not completed should be taken as soon as possible. Candidates should also be aware that much of the coursework within the major is sequential in nature, and that, depending upon what program credits the candidate starts with, it may take longer than four semesters to complete the entire sequence. BS/Art Education candidates must complete required courses within the major with a grade of “C” or better. BS/Art Education candidates must graduate with a cumulative grade point average of 3.00 or better, and must pass all licensing requirements and exams in order to be certified to teach in Pennsylvania.
