2015 Counseling Program Outcomes

Department of Counseling, School Psychology and Special Education

Edinboro University

The master’s level Counseling Program of Edinboro University currently consists of 4 tracks – Clinical Mental Health counseling (previously Community Counseling), Clinical Rehabilitation Counseling, School Counseling and College Counseling/Student Affairs (previously 2 tracks – College Counseling and Student Affairs). All of the above mentioned tracks are 60 semester credit programs. Graduates meet the educational requirements for licensure in Pennsylvania (LPC).

Applicants to any of the aforementioned tracks are invited to group interviews conducted in the Fall and the Spring. Accepted students are able to matriculate in Fall, Spring or Summer. Student outcomes are evaluated on a variety of measures that are part of the overall program evaluation (for example, Program Assessments completed each year. The Alumni Survey – conducted every 3 years, the Employer Survey – conducted every 3 years, Comprehensive exams – conducted every semester for students preparing to graduate, and individual course evaluations – with rubrics identified and scored using Live Text for many of the courses). Please find additional outcomes below to include graduate rates, completion rates, and job placement rates.
