Degree Requirements

Candidacy- Because of the nature of the role of the professional counselor, degree candidates of the programs must demonstrate such qualities as genuineness, warmth, empathy, ethics, professionalism, and interpersonal skills. Students will be evaluated on Knowledge, Skills and Dispositions necessary for professionals at various transition points through the program. Candidacy is the first point where these qualities will be formally evaluated. Both the individual student and faculty will have input into this evaluation. Review of the Application for Admission to Candidacy is seen as very important and this review will include interpersonal skills as well as academic progress. The advisor presents the candidacy application for program staff recommendation. A degree student may not be admitted to Candidacy until (1) at least 12 semester hours of degree credit have been completed, (2) an Application for Admission to Candidacy has been filed with the advisor, and (3) the student has made satisfactory progress in her or his degree program (minimum of a 3.0 QPA).

Comprehensive Exams- The student must satisfactorily complete a comprehensive examination. Specific requirements for the comprehensive exams are outline in the Counseling Advisement Guide, which will be made available to each student.

Capstone Project - Students in each program will complete a capstone project in one designated class demonstrating their ability to analyze, synthesize and apply theory in the specific field of practice for which they are studying. Courses identified for the capstone project are as follows:

Internship- All degree seeking students must complete an internship. All students must have completed all core required courses in the area of specialty unless otherwise approved by the advisor and instructor. COUN 730 and COUN 735 must be completed before enrolling for internship. The internship is a twelve (12) credit internship requiring 600 clock hours of on-site experience. Generally speaking, the internship hours must be completed within the time frame of the 15 week semester. Thus, the interns would be on-site 40 hours per week (15 x 40=600). The student must make the necessary plans and arrangements in order to complete an internship. The Internship Manual contains more information regarding the internship experience. NOTE: Graduate assistantships are NOT available during internship. NOTE: Students may opt to divide the internship into two six (6) credit hour segments (300 clock hours each) over two semesters. Students should discuss this option with their advisors. Additional information on 300 hours internships can be found in the Internship Manual.

Graduate Assistantships: Graduate Assistantships are available for campus based students only. They are awarded on a competitive basis. Financial Aid Considerations: An academic year consists of Fall, Spring, and Summer. Graduate students taking graduate level courses may receive up to $20,500 in the Direct Unsubsidized Stafford Loan Program. Most students will use their Stafford loans during the 9 month period (Fall and Spring). Students will want to be mindful of their financial aid to allow for funding for 12 months if planning on enrolling during the Summer term. Students will have an option to apply for Graduate Plus loan or private loans if other funding has been exhausted. For more specific information, please contact the Financial Aid Office at (888) 611-2680 or finaid@edinboro.edu.

Employer Reimbursement: Non-traditional students who are working and taking classes on a part-time basis may have employer-paid education benefits. The purpose of the employer tuition reimbursement agreement is to allow employees who receive reimbursement to defer payment of their tuition and fees until after grades are available at the end of the semester. Edinboro University accepts employer benefit plans through arrangements with the Bursar's Office by completing the enclosed employer tuition reimbursement agreement.

Veterans' Education Benefits Information and printable forms regarding Veterans' Education Benefits and the Montgomery GI Bill are available at the Department of Veterans Affairs website, http://www.gibill.va.gov/. After the Department of Veterans Affairs approves a student's eligibility, and after the school certifies the student's enrollment, benefits are paid directly to the student after the end of each month.
