III. APPLIED TECHNICAL TRAINING (12-24 SH)

ENGR298 Applied Technical Field Training
 A journeyman's certificate in a technical trade, military technical training/certifications, or an associate degree in technology from an accredited institution may satisfy the specialization area. Two-thirds of ENGR298 credits will be accepted as advanced coursework. Additional courses should be selected from free electives to complete the 42 credit advanced coursework requirements it needed. Internship credits may be applied toward the credit requirements for this block.

IV. FREE ELECTIVES (18-30 SH)

A sufficient number of credits from 300-level of higher courses are required to complete 42 hours of advanced coursework. Students are encouraged to expand their leadership and technical education and should consult with their advisor regarding relevant coursework that may be used in this area.

TOTAL (120 SH)

THIS IS NOT AN OFFICIAL TRANSCRIPT OF RECORD.

Note: At least 42 semester hours must consist of advanced coursework.

(Revised: April 2018; Approved: May 2018)

(Effective: Fall 2018)
