### INTENT

The purpose of Minor programs is to allow students to follow a planned program of coursework in addition to their own major.

### POLICY

Minor programs require a minimum of 18 semester hours, and a minimum of six credits of advanced standing coursework.

All students completing their first undergraduate minor must take at least 50% of the credits required for the minor from a State System University.

A student cannot minor in their major field of study (i.e., the major (or concentration) and minor cannot share the same name).

A student is permitted to be awarded a maximum of four minors from the University.

### PROCEDURE

The student must complete an application form for each minor and submit it to the Office of Records and Registration no later than their last semester prior to graduation.

Minor requirements must be complete at the time of graduation. The dean of the school in which the graduating student is majoring will certify satisfactory completion of the minor(s).

The official transcript will show any minor program the student has satisfactorily completed at the time of graduation.
