I. INTENT

The intent of this policy is to reduce the risk of injury and fire that can result from self-balancing skateboards, also known as electronic skateboards or hoverboards.

II. POLICY

Using, possessing, or storing of self-balancing skateboards, also known as electronic skateboards, hoverboards, and other similar devices are prohibited on University property.

The hazards associated with these items include fire, caused by battery packs, and risk of falls, causing serious injury. This policy will be adjusted accordingly once comprehensive safety standards have been developed.
